## Model Aircraft Specification Certificates

---

IMPORTANT: All models must be processed by the competitor's NAC in accordance with CIAM General Rules C.12. Aircraft models that are not properly processed by their NAC, with certificates and FAI stickers, will be processed by the organizer at a cost of 8 euros per model (see CIAM General Rules C.12 b).

## Battery Charging

---

The main building will have 220 VAC 50 Hz power supplied by generators, available for internal use by the organization. Competitors must be prepared to be self-sufficient with a daily supply of charged batteries and/or use cars to charge them. Battery chargers must have a universal input of 220 VAC, 50 Hz and will require 3-pin plugs, one of which must be the neutral.

## Accommodation

---

Cordoba is a province with a lot of tourism, and our recommendation is that: You will find very good deals through its variety of Hotels available at [www.cozycozy.com](http://www.cozycozy.com), [www.booking.com](http://www.booking.com), or [www.airbnb.com](http://www.airbnb.com).

We recommend: Mae Singular Hotel

- [reservas@maehotel.com.ar](mailto:reservas@maehotel.com.ar)
- WhatsApp: +5493518648888
- Address: José Luis Lagrange 5733 – Córdoba, as it is the closest and has easy access between the flying field and the airport.

## Catering / Restaurants

---

At the flying field, we will have Argentinian breakfast service, with quick meals at very affordable prices, which you will pay for throughout the day. Those who are vegetarian, celiac, or vegan can inform the organization in advance or provide details upon arrival about their preferences.

## Tents

---

After the final registration, the organization will contact the TMs of each country and will offer options of tents as well as tables, chairs, etc. that they wish to have in their tents.

## Insurance

---

The Organizer will provide limited liability insurance covering all competitors for activities related to model aircraft. Foreign nationals who wish to do so may purchase additional

insurance with greater coverage in their own country. It is recommended to acquire individual medical and travel insurance before traveling.

All other insurance (driving, general, legal expenses, etc.) is the responsibility of team leaders, pilots, helpers, followers, and spectators. The organizer is not liable for any personal injury, loss, theft, or damage to people or property during the contest and travel or stay in Argentina.

## Radio Frequency Information

---

All commercially available 900 MHz and 2.4 GHz spread spectrum radio systems are allowed. Transmitters will not be confiscated and will remain in the possession of the competitors at all times.

## National Teams Registration

---

Upon arrival, the Team Manager must provide the organizers with the following:

- Two national flags (approx. 1 m x 1.5 m).
- CD/DVD/USB memory stick with the national anthem (mp3 format).
- Model Aircraft Specification Certificates will be required for model processing.

## Transport and Storage of Boxes

---

The organizers have decided to offer a service for transporting boxes from the airport to the flying field and vice versa, at a total cost of USD 20 per box for both transfers. Payment can be made at the organization's Exchange office.

The organization will provide a secure storage facility at no cost, with overnight security, for those who wish to leave their closed boxes during the nights. Additionally, we inform you for your peace of mind that the flying field is located within a base of the Argentine Army.

Teams that wish to use this service should send an email to [f5jargentinawcs@gmail.com](mailto:f5jargentinawcs@gmail.com) with the subject "**Request Box Transport**", indicating the date, flight number, and airline of arrival and departure.
